VISIT THE TECHNOLOGY PETTING ZOO

Tuesday, November 17, 7 p.m.

Earl Elliott Room

Chances are good that there is an electronic gadget out there that you have been thinking about buying for yourself or as a gift for someone else. But you are worried that the device will be too hard to use, or that it will cost too much for what it would be worth to you. The Barbara Bush Library Friends are here to offer help with this dilemma just before the holiday gift-giving season arrives.

The Friends will offer **adults** an opportunity to get some hands-on experience with some of these devices in a relaxed atmosphere. Experienced users who own these devices will be on hand to answer questions and show you how to work/play with them.

Refreshments will be served.

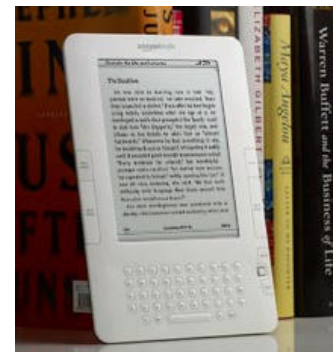

Here is the technology that will be available for “petting” with no fear of being bitten.

Everybody has fun at the library! New library volunteer, Murt Collier, takes a few moments out from her Patron Count Week duties to read to one of our younger customers.

Once upon a time: telling stories through clay

Exhibit continues through November 22

way. Both museums and libraries are repositories of stories.

The Museum of Fine Arts, Houston (MFAH) has created a special traveling exhibition, titled "Once Upon a Time: Telling Stories through Clay," to bring original art from the MFAH collection to eight Harris County Public Libraries. It features nine objects from the Garth Clark and Mark Del Vecchio Collection of contemporary ceramics at the MFAH. The Barbara Bush Branch Library is the first host, with the exhibit currently on display through November 22.

In addition to the exhibit, the museum is providing the Barbara Bush Library with a free bus to bring customers to the museum for a tour of the collection that tell stories. The bus will leave from the library at 10:00 am on Wednesday, October 14, and return by 4:00 pm. Reservations are required and can be made by calling the library at 281-376-4610.

We are grateful to the Museum of fine Arts Houston for providing us with this fine exhibit. The museum also partners with libraries by providing free admission on weekends to any student under 18 with a public library card. For more information about the museum, visit www.mfah.org or call 713-639-7300.

People have been creating art to tell stories since the beginning of time. In fact, it's one of the main reasons why people make art – to communicate ideas that sometimes can't be expressed any other

The books selected for Fall 2009 are *The Private Lives of the Impressionists: A Biography* by Sue Roe and *Lydia Cassatt Reading the Morning Paper: A Novel* by Harriet Scott Chessman. You can request copies of these books through the Barbara Bush Library.

The Marble Faun

by

Nathaniel Hawthorne

The Book Club meets in the Northgate Forest Conference Room of the Pearl Fincher Museum of Fine Art (next door to the Barbara Bush Library).

Hawthorne's final novel is a provocative look at American artists abroad and a groundbreaking exploration of the influence of European thought on American morality. The story of the mysterious, tormented Miriam; her friends Kenyon and Hilda; their alluring Italian acquaintance, the faunlike Donatello; and the crime that irrevocably links them all is a surprising drama.

Art Exhibit

Presented by Janice Graham Smith

Janice has been interested in art since the 3rd grade. She is now seventy and approaches art with the same energy as always. Janice spent many years working with traditional art, until she had to take care of her father-in-law from 1994 to June of 2008. During that time, dry brushes and paint were too difficult to work with so she started working with the camera and the computer. This allowed her to get up and take care of Marvin's needs and get back to her camera or computer without worrying about the paint drying out or having to clean her brushes. Janice has a basic understanding of many areas of art, but she never feels like she knows enough. However, she has been blessed with the opportunity to work with line, shape, color and the beautiful light from above. Janice has a heart for encouraging all people at any age to develop time for the arts.

Ceramics Artist Exhibit Lobby Showcase

Jeff Forster, artist in residence and ceramics instructor at Lone Star College-North Harris, will have a ceramics exhibit at the Barbara Bush Branch Library in November. A native of Minnesota, Forster now lives in Kingwood. Growing up in rural Minnesota he was exposed to painting and photographing wildlife when he was in high school. He turned to ceramics as an undergraduate and earned a master's degree in ceramics from Southern Illinois University. The library is hosting this exhibit in conjunction with the "Once Upon a Time: Telling Stories through Clay" traveling exhibit from the MFAH which will remain at the library until November 22.

Attention Kroger Shoppers

With your help we received over \$400 from the Kroger Neighbor to Neighbor Donation program this past year. Thank you.

Each year you must renew your participation in this beneficial program which runs July 2009 - April 2010. Please present the letter which follows on this page with your Kroger Plus Card to the cashier the next time at checkout.

Every time you shop at Kroger and use your enrolled Kroger Plus Card, Kroger will contribute a percentage of your eligible purchases to the Kroger Neighbor to Neighbor Donation fund. Once a card is scanned with the barcode, it will be active for the remainder of the program year.

Customer Letter

Step One:

Read through this letter to understand the advantage of being a part of the Kroger Neighbor to Neighbor Donation Program.

Step Two:

Take the letter with you to your neighborhood Kroger store the next time you go shopping.

Step Three:

Present the letter with **your organization's barcode** to your cashier upon checkout. After they have scanned your Kroger *Plus* Card you will be enrolled for the current year of the Kroger Neighbor to Neighbor Donation Program. Every time you shop at Kroger and use your enrolled Kroger *Plus* Card, Kroger will contribute a percentage of your eligible purchases to the Kroger Neighbor to Neighbor Donation fund. Once a card is scanned with the barcode, it will be active for the remainder of the program year.

Q & A

How many Kroger Neighbor to Neighbor accounts can an organization have?

One bar code per organization. (Example: ABC HIGH SCHOOL account could represent: PTA, cheerleaders, football, basketball, band, etc. Unless they can provide a copy of their 501(c)(3) letter for their organization.)

Can a household "link" their Kroger Plus Card to more than one organization at a time?

No, the system allows for one organization per household. To change organizations, you must present your Kroger *Plus* Card and the new organization's barcode to the cashier.

How much can my organization earn?

The Kroger Neighbor to Neighbor Donation Program will donate \$1 million annually. Each organization will earn a portion of the \$1 million equal to the percentage of total earned contributions attributable to that organization.

How are the funds distributed and when?

Contributions will be paid **annually** via check in mid May 2010 and mailed to the organization's address and primary contact identified on the organization application form. For schools, it will be mailed to the principal and the funds distributed at their discretion.

All organization's and participants must re-enroll each new program year.

Please feel free to contact a Kroger Neighbor to Neighbor Donation Program Representative with any additional questions at 866-995-7643 or email to neighbortoneighbor@kroger.com. Additional information is also available at www.krogerneighbortoneighbor.com.
